

ELECTRONICS TECHNICIAN

ASSIGNMENT SHEET

Mathematics: Addition, Subtraction, Multiplication,
and Division.

Materials: Cooke and Orleans, Mathematics Essential to Electricity
and Radio, McGraw-Hill, 1943; Information Sheet covering
same area.

Introduction: The importance of being able to handle quantities both
negative and positive from some reference point cannot
be over emphasized in electronics. Only practice can
develop an understanding and skill in mathematics.

Assignment: A. Study chapters 3, 4, and 5, Cooke's Math.
Study information sheet.

B. Turn in work for the following problems in Cooke's Math:

Exercise 3-3, All ✓

Exercise 4-3, All ✓

Exercise 4-5, problems 11 to 30. ✓

Exercise 5-3, odd problems only. ✓

Exercise 5-4, odd problems only. ✓

Exercise 5-5, your choice of any 5 problems between
6 and 22. ✓

the first time in
the history of
the world.

It is hard to conceive a
more terrible blow to the
whole nation than this, and
it is impossible to conceive
any other blow so severe.

The whole world has
been thrown into consternation

and alarm by the
news of the disaster.

The news has been received
with great interest and anxiety
in all parts of the country.

The news has been received
with great interest and anxiety
in all parts of the country.
